Fire Safety or Construction Inspection Request Form

- Please use this form to request a fire safety inspection or a construction inspection from the Durango Fire Protection District Fire Prevention Bureau. Only the owner, tenant, chief administrator of a building or the construction company may request an inspection.
- All information requested is required unless marked “optional”.
- If you have any questions about this form or the inspection process, please contact us at DFPDPFB@durangofire.org
- We strive to accommodate all requested construction inspections but do ask for a minimum **48 hours** of advance notice.
